NEWS OF THE RIVERS.

The Dick Fowler was out for Cairo at 8:30 this morning.

The Joe Fowler was the Evansville boat out at 10 o'clock doing good business.

The P. D. Staggs arrived out of the Tennessee river blocked off with freight this morning. She leaves on her return tomorrow afternoon.

The Mayflower is due tomorrow morning from St. Louis for the Tennessee river points.

The marine ways received a big shipment of timber yesterday afternoon from Oregon. It is its celebrated steamboat timber Oregon Fir. The steamer Roes Pritchard that is undergoing repairs on the ways will have new girders made of it.

The pretty little steamer Shawnee with a party of hunters passed up late yesterday afternoon. They were en route up the Tennessee river.

The City of Clarksville is due this afternoon and leaves on her return to Elizabethtown at noon.

The Lookout went up to Livingston's Point this morning to do some work there at the government works.

The City of Paducah leaves St. Louis this afternoon for Tennessee river points. She will have a big crowd of round trippers.

The bluff that was due from Clarksville early this morning had not put in an appearance at the time she was scheduled to leave. She is expected to be in and out this afternoon however.

The marine ways and dry docks are both very busy and working large forces of hands. The ways have two steamers on their cradles enduring restoration to a sound state. The Annie Laurie is still on the docks being almost converted into a new boat.

There will be four excursions out of this place Sunday. Two by rail to Memphis and Dawson and two by river to Columbus and Edinburg.

Mr. Roy Broadfoot has accepted the position as sub-pilot on the steamer Dick Fowler and began work this morning learning the river between here and Cairo. Capt. Fowler and Cole could have selected no better qualified person for the place than the one they have secured. Mr. Broadfoot is a promising young man, industrious and leads a good moral life. He has a fair knowledge of the work and a purpose in view, with energy enough to follow the work he has entered upon. His many friends are glad to learn of him undergoing such a lucrative position and have great expectations that some day the word "Captain" will adorn the former part of his name. Capt. Cole is confident that he will train himself into a first-class pilot.

LICENSES INCREASE.

Since the police began notifying dog owners of the marshal's intention to issue warrants against dog owners not having licenses, about a hundred people, mostly colored, have come up and paid. A great many more are expected before the end of the week.

the announcement now permitted by

vessels, of which fourteen are war-
ships.

at last stopped the trouble by arrest-

Two soldiers are now at the hospital
injured in the riot.

BRITISH SAILORS OBJECT.

Newport, Va., June 15.—The
British element of the crews of the
Yale and the Harvard threaten to
make trouble. They refuse to go to
sea because the ships have been con-
verted into men-of-war. They claim
that this violates their terms of en-
listment with the American line.
They enlisted before the vessels were
transferred to the government.

CONVENTION PROCEEDINGS.

The Sunday School Workers Get
Down to Work—A Very
Interesting Pro-
gram.

Some of the Prominent Visitors
Here—Sketches of the Ad-
dresses Last Evening—
Other Notes.

The opening session of the thirty-
third annual meeting of the Ken-
tucky Sunday School union con-
vened last evening at 7:30 o'clock,
at the First Christian church.
There are something over 100 dele-
gates in attendance, and these, wel-
comed by a large audience of Padu-
cah people, made quite an inspiring
gathering.

The church is prettily decorated in
drapery of white and purple, and
potted plants. The local committees
have everything nicely arranged for
the entertainment of the convention.

The first half hour was devoted to
a service of song, led by a large and
excellently trained choir, under the
direction of Prof. Charles Davis.

The business of the convention was
introduced by a report of the execu-
tive committee, delivered by Rev. D.
M. Sweets, of Louisville, the chair-
man of the committee. There was
much of encouragement, in the re-
port of the work of last year and a
number of recommendations in the
line of improvement made for the
future. Among these was a change of
name from the State Sunday school
union to State Sunday School associa-
tion.

It was stated the Broadway Meth-
odist Sunday school of Paducah,
under the direction of Prof. E. A.
Fox, was the first and only one in the
state to meet the requirements of up-
to-date methods.

The report as a whole was referred
to the committee on future work.

As a pleasing variation the beau-
tiful solo, "Lead, Kindly Light," was
well rendered by Miss Julia Scott.

The speaker of the evening, Rev.
E. L. Powell, D. D., of Louisville,
needed no introduction to a Paducah
audience, since he held a meeting
here some time ago and is well
known throughout the state for his
graceful eloquence.

His subject was "Christianity and
Childhood," and he chose for his

SAMPSON REPORTS PROGRESS.

Affairs at Guantanamo in a Very
Satisfactory Shape—Amer-
icans Are Rein-
forced.

SEVERAL HUNDRED CUBANS HELP

The Transports Off Tampa Have
All Sailed, But Their Destina-
tion Is Kept Secret—Prob-
ably to Santiago.

BRITISH STEAMER LOST IN A FOG.

Washington, June 15.—The navy
department today posted a bulletin
that Admiral Sampson reports the
affairs at Guantanamo in a very satis-
factory shape. The Americans have
been reinforced by several hundred
Cubans. The town of Acerradero
has been occupied by Cuban troops
under Radell. Gen. Garcia's men
are co-operating with the Ameri-
cans.

OFF FOR CUBA.

On Board Olivette, Port Tampa,
June 14.—The last of the Cuban ex-
pedition sailed this morning. Santi-
ago is supposed to be the destination.
There are about 17,000 men in the
expedition. All aboard the Olivette
are newspaper men and members of
the hospital corps.

SAILS TODAY.

Norfolk, Va., June 15.—The
cruiser Newark is reported to have
sailed from the navy yard at 1 o'clock
this afternoon for Santiago.

MORE TRANSPORTS.

Washington, June 15.—The house
today passed a bill granting Ameri-
can registers to the foreign built
steamers Specialist and Unionist,
which will be used by the govern-
ment as transports.

ARE ALL GONE.

Tampa, Fla., June 15.—The
transports that were off Tampa port
have all sailed, but their destination
is unknown. The Red Cross ship
state of Texas is still here, but will

start as soon as Clara Barton arrives.
It will try to catch the fleet.

THIRD MANILA EXPEDITION.

San Francisco, June 15.—The
third expedition to Manila will sail a
week from next Saturday under Gen.
King, and will consist of two bat-
alions of the Fifty-first I. L. Co., the First
Montana, the Thirtieth Minnesota,
the Twentieth Kansas, and Seventh
California regiments.

THAT INVESTIGATION.

It Will Likely Be Finished This
Afternoon.

Mayor Lang and the committee,
reinforced by attorneys to make
trouble and policemen to prevent it,
met at the city hall yesterday after-
noon at 5 o'clock to investigate the
brutal charges.

The inquiry was made private,
and the evidence for the prosecution
was not finished. All the testimony
is being taken by a stenographer,
and will be submitted to the council
at the conclusion of the investigation.

It is understood that this far there
has been nothing of an incriminating
nature adduced, and probably will
not be. The committee is meeting
again this afternoon to finish the evi-
dence.

RESOLUTIONS K. O. T. M.

Whereas, It has pleased the Su-
preme Knight of the universe to take
from the side of our Sir Knight Com-
mander, H. W. Hills, his beloved
wife, we desire to offer to him our
sincere sympathy and condolence,
which is a feeble expression for the
loss that he has sustained. We min-
gle our tears with his, and pray that
that time, which is a great healer,
will assist him in bearing the burden
that has so heavily fallen upon him.

Resolved, That these resolutions
be spread on the minutes of the tent
and a copy be sent to Sir Knight
Commander, and also to the city
press.

OSCAR B. STARKS,
B. WELLS, JR.,
GEO. LAMORE,
Committee.

SCHLEY TO COMMAND.

Washington, D. C., June 15.—The
flying squadron, now assembling at
Hampton Roads, will probably be
commanded by Commodore Schley.
It will be formed of the Brooklyn,
New York, Minneapolis, Columbia,
St. Paul, Yale, St. Louis and Har-
vard. It will be the fastest and
strongest squadron in existence. The
Newark and Cincinnati have too small
coal capacity to join the new fleet.
The squadron, 'tis said, will go to
Spain.

COMMENCEMENT FRIDAY.

St. Mary's Academy on North
Fifth street has enjoyed its usually
prosperous year, and closes Friday
afternoon at 2 o'clock, the exercises
to take place at the academy instead
of at the opera house, where they
were heretofore held.
The program is as attractive as
usual.

Spottsville, Ky., June 15.—A se-

Glasgow, Ky., June 15.—A negro
charged with a brutal assault on the
five-year-old daughter of Elijah Al-
len, a prominent farmer of this coun-
ty, was brought to town this morn-
ing. He was bound to a horse, and
was surrounded by one hundred
mounted men. The negro was placed
in jail and will have his trial today.
The evidence against the negro is
said to be very strong, and threats
are openly made that he will be
lynched tonight if he is not convicted
today.

The mob that brought the man in
was made up of prominent farmers.
The case is one of the worst that ever
occurred in this country.

Sturgis, Ky., June 11.—Jefferson

WEDNESDAY, JUNE 15, 1898.

It is believed in Washington that

Manila has surrendered. There can

certainly be no objection urged

against the opinions in that city.

In the present condition of news gather-

ing a person has a well founded right

to believe anything he may wish and

for that matter may attempt to prove

it.

The appearance of yellow fever

this early in the season caused more

apprehension than half a dozen wars

with Spain. Happily the excitement

accessioned by it is subsiding.

The medical men in control of affairs at

points of infection have it under con-

trol and in a fair way to stamp it out

effectually. They feel quite sure

that it will not spread.

The Spanish now inquire, if a na-

tion at war with her has a right to

make terms with the native inhabi-

itants and use them as allies or aux-

iliary forces against her. If Spain

is anxious to solve the question by

precedent let her look back into her

own bloody murderous history. It

not satisfied then let her look at the

French and Indian wars, and the

British and Indian wars, waged on

this continent against the American

colonists.

There is an unhappy, nervous lot

of fellows who are continually in the

front hunting and trying to solve the

problems of the future, and casting

aside the affairs of the present. "But

efficient until the day is the evil there

of." Do not try to cross the bridge

or creek until you come to it. These

persons are now in quite a swivel to

determine what we should do to

the Philippines and other similar

propositions. Why can't they wait

until we have the Philippines in our

grasp? Why count chickens before

they are hatched? Oh, they say,

they will discount intervening events.

then perpetual darkness. "Joseph is

gone by the board. He has passed.

In the trying hour he now suggests

that he has gone broke, and that an

assignment is the only hope of an in-

solvent. He plunged, he "busted"

and Joseph was no more. He carries

with him the recollection that he

made the poor buy a smaller loaf for

a nickel, and that many a little fami-

ly might be richer. There is now and

always has been a retribution in the

hidden stores of eternal justice for

those who rob and oppress the poor.

When a man puts \$55,000,000 in the

perils of a gambling den in the hope

of making a paltry 10 per cent. he is

a fool beyond hope of reclamation.

And this was the matter with Joseph,

and he can be assured that in his

forced retirement, he has not a sym-

pathetic friend on the face of the

earth. He got what he deserved.

WISDOM OF THE PRESIDENT.

The New York Journal, which has

been savage and almost venomous in

its warfare upon President McKin-

ley from the hour of his nomination

at the St. Louis convention, and

which was preeminent in trying to

force the war with Spain before this

country was prepared for hostilities,

has the decency and courage to ap-

plaud the president's conduct of the

war and rebuke those impatient jour-

nalistic warriors who contend that we

are not wiping Spain off the western

hemisphere as rapidly as we would if

they were in command of the army

and navy. The Journal is pleased

to speak thus of the progress of the

war.

PRESIDENT'S PRUDENT COURSE.

The president's military policy, ac-

cording to certain newspapers, is the

supremacy folly. It is perfectly true,

as the president's critics noisily insist,

that we might have had a hundred

thousand men in Cuba by this time.

President McKinley since the day of

the declaration of war has had su-

preme control over the lives and

actions of the men enlisted in the

armies of the United States. It would

have been easy for him to send them,

raw, untrained, ill equipped, fresh

from the office or the counter, to

meet the Spanish regulars and the

much more deadly Cuban climate.

Thought they fell before Spanish bul-

lets or wasted with the fever of the

Cuban jungle, the president would

have escaped some of the obloquy

now heaped upon him by newspapers

would he said a president who should

seek glory for himself by sending

thousands of raw troops to certain

death. Which of the two is worth

of applause—the president who seeks

the approval of the rabble and con-

ducts a war without regard to the

lives of his soldiers, or he who wisely,

patiently and prudently plans to win

a triumph for his nation with the

least possible effusion of the blood of

the people.

MR. PIEPER'S DEATH.

He Was One of Paducah's Best

Citizens—Funeral Occurs

Friday Afternoon.

Leaves a Large Family to Mourn

His Loss—He Was Born in

Prussia in 1845.

The funeral of the late Mr. Henry

Pieper, whose death was briefly men-

tioned yesterday, will take place Fri-

day afternoon at the German Luth-

eran church, under the auspices of

the Elks, of which the deceased was

a member.

Mr. Pieper had only recently re-

turned from Jerseyville, Ill., where

he went for treatment, and was ap-

parently improved. He had pre-

viously to that time been to Dawson,

but to no avail. He had been ill for

several months, the disease, dropsy,

having developed from a severe cold.

The deceased was born in Pons-

dorf, near Dusseldorf, Rheinland,

Prussia, July 17, 1845. He came to

America in 1865 and to Paducah

three years later. For years he was

in the grocery business at Ninth and

Trumble streets, and afterwards went

to Rowlandtown, but was unsuccess-

ful. He had for the past five years

been local agent for the Antisep-

tic-Bosch Brewing company, and was a

most popular man.

Death came yesterday afternoon at

his residence, on West Jefferson

street. He leaves to mourn his loss

a wife and eight children, a brother

in this country, and a brother and

sister in the old country.

TRUSTEE OUSTED.

He Was Charged With Selling

Whiskey to Pupils.

The unusual thing of ousting a

school trustee from office was done

by order of the county superintendent

last Saturday. As stated in the

Mirror, charges of impeachment were

preferred against C. M. Bright by E.

Curstinger, both trustees in the

Pancake Farm district. Bright was

accused of conduct which would, if

true, render him ineligible to the of-

fice. The particular charge was that

he had sold or furnished liquor to

minors, children of the district in

which he was trustee.

The trial came up Saturday before

Superintendent McGowan, and the

charges were sustained to the satis-

faction of the superintendent, and she

made an order removing him from

office, and appointed R. L. Cash in

his place.

Bright intended to take an ap-

peal to the state superintendent.

This is perhaps the first case of this

kind ever in this county.

Miss Cameron Hume has filed suit

by her attorney, Will Standfield,

against the I. C. railroad for \$1,000

damages, which she says she sus-

tained by being put off the train, and

by the miscarriage of her baggage,

through the negligence of the com-

pany's agents.

She purchased a ticket last sum-

mer for Nashville and wanted to go

by Fulton, but the agent here made

a mistake and gave her a ticket by

Nortonville. The mistake was not

noticed until she had boarded the

train and was well on the way to

Fulton. The conductor put her off

at Pryorsburg, and she had to return

home and go by Nortonville, while

Mr. Rice has for several years

been a resident of Paducah, and one

of the best known business men, and

his bride is a handsome and accom-

many warm friends.

Her mother, Mrs. Max Abrahams,

and sister, Miss Bess, arrived yester-

day from Omaha, just in time to at-

tend the wedding.

Mr. and Mrs. Rice will return in

about two weeks and will make their

home in this city.

Mr. Jas. E. Threlkeld and Mrs.

CONVENTION PROCEEDINGS

(Continued from last page)

text, "Suffer little children to come unto Me." It is only, he said, in the Christian religion that childhood has a place, as in Mohammedanism nor any other faith do we find a message for this period of innocence.

He drew a beautiful picture of Christ's attitude toward children, and represented the impressionable nature of the child as peculiarly susceptible to good influence.

"Throughout the whole history of Christianity childhood has been honored. 'Unto us a Child is born,' was its first message to the world. Through this Child was taught the general fatherhood of God, and all His true followers are as little children trusting in a father's care.

Then he spoke of the wonderful possibilities of childhood, which leaves a great responsibility to older minds to train them in the right direction. This is the special province of Sunday schools, kindergartens, etc., and there are conferences of teachers, as a help and preparation for this very valuable work. Another, at the dawn of the Twentieth century, with a new era before us, to be filled with the children of this generation, it depends upon how well this work is done, as to whether the child of today will be the leader of tomorrow.

At the close of Mr. Powell's address, the choir sang a triumphant anthem, "Gloria."

The following committees were then appointed:

On enrollment: C. Albert Singer, Jefferson county; E. H. Butler, Carter county; Miss Mattie Hinch, Butler county; Miss Maud Foster, Butler county; Linton Schler, Jefferson county.

On business: Rev. Geo. E. Foskett, Jefferson county; Rev. Jas. F. Price, Crittenden county; R. L. McGinnis, Breckinridge county; Rev. W. R. Cave, McCracken county; A. B. Bosler, Daviess county.

Resolutions: Rev. C. Y. Smith, Jefferson county; J. R. Wilson, Henderson county; Rev. Dr. W. J. Finley, Butler county; C. A. Casperke, Meade county; Prof. J. A. Turner, Butler county.

Future work: Rev. J. M. Richmond, D. D., Caldwell county; W. J. Thomas, Shelby county; Rev. A. C. Biddle, Union county; Prof. L. C. McCartney, Christian county; Lewis Collins, Jefferson county.

Nominations: Rev. W. E. Bryce, Shelby county; R. M. Franks, Crittenden county; E. A. Fox, McCracken county; Rev. T. C. Gebauer, Daviess county; J. K. Bowler, Butler county.

After announcements of future meetings the convention adjourned.

MORNING SESSION. The day's proceedings of the convention began with a sunrise prayer meeting at 6 o'clock.

The devotional exercises at 8:15 o'clock were conducted by Rev. Geo. E. Foskett, of Louisville.

The first thing on the program in a business way was the election of officers, which resulted as follows:

President—Rev. W. H. Pinkerton, Vice-presidents—H. H. McChesney, Smithland; W. J. Thomas, Shelbyville; Rev. C. Y. Smith, Louisville.

Convention secretary—Prof. E. A. Fox.

Convention treasurer—E. N. Woolruff, Louisville.

General secretary—Prof. E. A. Fox.

An address, "A Bird's Eye View of the Sunday School Cause in Kentucky," was delivered by Rev. E. Morris Ferguson, of Treuton, N. J.

He traced the history of the Sunday school, in all of its different phases, from the beginning under its founder, when it was evangelistic; then it became denominational; then the international lesson system was adopted, and now it has reached its highest phase in the Sunday School union, in which all the other conditions are included. He dwelt at length upon the advantages of this organization, and paid a high tribute to the various officers. He spoke of the work in Kentucky in connection with that in his own state, and exhorted greater diligence along all lines.

The question was opened for discussion, and a number availed themselves of the privilege to make short speeches upon this subject.

The report of the general secretary of the union, Mrs. E. Morris Ferguson, was next received. Mrs. Ferguson prefaced her report by saying that in the eleven years she had served them in the capacity of secretary it was the first time she had read her own report, but as this was the last time she would appear before them, she desired to address them with her own voice. Mrs. Ferguson will be remembered as Miss Huber, who attended the convention here nine years ago. She was married to Mr. Ferguson only a few weeks ago. In closing Mrs. Ferguson in a very touching way said good-bye to her work and co-workers in Kentucky.

The report was adopted with an expression of regret in having Mrs. Ferguson resign her office, and leave the state.

A motion was carried to send greetings to the Ohio State convention, now in session in Columbus.

Prof. E. A. Fox now addressed the convention on "Extension of Organization." He advanced some excellent ideas, interspersed with some very attractive bits of humor.

Prof. Fox is not only a wide-awake Sunday school worker, but is a thoroughly bright man, and does everything well which he attempts. Paducah feels very proud of him as one of her citizens for a number of years.

"The State Secretary's Work" was discussed by Rev. Geo. C. Fasket, of Louisville.

Mr. Fasket is one of the most prominent members of the convention, and his address was an able one.

Rev. Wm. E. Bryce, of Shelbyville, spoke on the "Development of

Home Talent in State and County Work. He made some helpful suggestions and his speech was especially entertaining.

The subject was now opened for discussion, which was led by Rev. E. Morris Ferguson, with black board outlines.

Various weak points in the work were considered and suggestions made for their remedy. Two of the most important things brought before the convention as not coming up to a proper standard of excellence were county organization and finance.

A resolution was offered by Rev. D. M. Sweets that a reasonable amount of county collections be devoted to advertisement, and the publication of matters of importance.

A motion was made and carried that Mr. Lewis Collins be appointed chairman of the committee with the power of selecting his committee to solicit subscriptions of the state Sunday school paper.

Another motion to make Mrs. W. L. Crafts, Rev. J. Morris Ferguson and Rev. L. B. Maxwell, corresponding members of the convention with privilege of the floor.

Convention adjourned for noon intermission.

AFTERNOON SESSION. This afternoon three department conferences are being held, one for primary teachers, at the First Christian church, under the following heads:

1. "Why Am I a Primary Teacher?" by Mrs. W. J. Thomas. 2. "What Should the Primary Teacher Know?" 3. "Bringing Children to Christ," by Mrs. W. F. Crafts, Washington City.

"The Teachers' Exchange" is being held at the Broadway Methodist church, under the direction of Prof. E. A. Fox, consisting of a free discussion on "Difficulties in Our Work and Remedies for Them," and an experience meeting—personal efforts in bringing children to Christ.

A Sunday school officers' conference is being held at the First Presbyterian church. "Incentive to Sunday School Effort—Their Use and Abuse," discussed by Prof. J. E. Turner, of Hershell. "The Bible Drill," by Rev. C. Y. Smith, of Louisville. "The Secretary's History of the Sunday School," and a free discussion among county workers, led by Rev. J. M. Ferguson.

At the night session some especially fine music will be rendered, and the addresses will be of an interesting character.

The convention continues through tomorrow.

DISTINGUISHED VISITORS HERE. Among the distinguished visitors to the convention and who appear prominently upon the program is Mrs. W. F. Crafts, of Washington, D. C., president of the International Primary Union, and one of the most famous primary teachers in the world. There is something inspiring about Mrs. Crafts' face which is an unusually bright one, and her success is not hard to account for if she is as nice as she looks.

Then there is Rev. E. Morris Ferguson, of New Jersey, who is prominent in Sunday school work in his own state, and Rev. L. B. Maxwell, of Savannah, Ga., colored field worker of international committee, who are leading figures in the convention.

FIXED THE MONKEYS. How Midshipman Schley Settled the Fate of Two Mischievous Makers.

A good story is told of Commodore Schley, commander of the flying squadron. While yet a midshipman, before the civil war, he was attached to the Niagara, returning from Japan around the Cape of Good Hope.

At one point on the coast of Africa, where the Niagara called, a member of the Japanese embassy aboard procured a stock of monkeys. The monkeys were allowed to roam about the ship as they pleased. There were all kinds of monkeys, big and little. Several huge ringtailed monkeys almost live out the rigging, making flying leaps from pole to backstay, and always catching firmly by their tails.

The monkeys were not pleasant creatures about the decks and were a subject of special aversion to Midshipman Schley, who on his watch was responsible for the deck's cleanliness and cleanliness.

One morning Schley had the early watch and with a gang of men was scrubbing down. The monkeys were full of mischief, and were making the rigging ring with their clattering monkey.

"Bring me a bucket of slush," said Schley to a captain of a top, and to another he gave orders that two of the big monkeys should be caught.

Schley took the two captive monkeys and carefully greased their tails, then with a savage whoop at them, struck both with a rope's end. Both monkeys broke from the fore rigging, and made a wild leap for the lower studding sail sheet, which was over the water and 30 feet from the ship's side. Swift went the tail, clipped, and two sons of Africa went splashing into the sea. The decks were free from their clatter, but the officer of the watch, Lieut. John Crest, who died some years ago in a naval accident, told them the ship could not be put about or its sail shortened in time to save the monkeys, so there was mourning in the Japanese cabin that day.—Omaha Bee.

A Unique Evening Dress. An evening dress, made entirely of the skins of chickens, was recently worn at a ball by Miss The Montblanc, a fashionable Parisian. Over 800 pieces of tanned skin were used in making the dress. Edmund Gillett, a noted artist, painted the precious garment, adorning it with roses, vines, etc.

A Curious Japanese Custom. The Japanese never sleep with the head to the north, because the dead in Japan are always buried with the head in that position.

Area of Belgium. Belgium, 11,000 square miles, is about the combined size of Massachusetts and Rhode Island.

The Dust! The Sun! The Sewerage!

And Jones has a poet in the land, who unloads himself in the following:

While the bugle call is sounding,
And the mighty cannons roar,
Don't forget your home surroundings
And the comforts at your door.

Remember, that your little ones,
When they are grown to men,
Will look back upon their home
As their greatest treasure then.

Do not hesitate a moment
Less another day be lost:
You can make your dwelling home like,
At surprising little cost.

Your credit's ever good with us,
For what you want to take;

Rockers, hat racks and sideboards too;
And wire spring cots that are strictly new;
Folding beds and desks that charm,
And cooking stoves that are mighty warm;
Baby buggies, cradles, refrigerators and trunks,
Which we'll continue to swap for a very few "plunks";
Our line is so slick it will almost slide;
Then we've tables, chairs and a hundred things more
Awaiting your pleasure down at our store.

How dear to my heart is our snug little bathroom. Our refuge from sickness, discomfort or dust: Its marble, its nickel, its neat-painted flooring. So shiny and free from all foulness and rust. Is the good Champion heater that stands by the wall: The Champion gas heater, the nickel-plate heater. The nice, handy heater, so shiny and tall.
